Mr. COREY TOPF, Innovation Diploma Coordinator - ctopf@aisb.hu

School Description

The American International School of Budapest (AISB) is a private and independent co-educational day school governed by a Board of Directors. Established in 1973 by the United States Embassy to serve United States Government employees' dependents, AISB currently serves the needs of a rapidly expanding international population, including children of the local and expatriate business and diplomatic communities. Students have access to three diplomas: the American High School (AISB) Diploma, the Innovation Diploma, and the IB Diploma. The school looks to match students to the most appropriate programs for their abilities and needs. AISB is a non-selective school, and per Board Policy, students are eligible for the AISB Diploma if they meet credit requirements.

Curriculum

The AISB curriculum is based on an American educational model within an international approach and context. English is the language of instruction. Teachers employ engaging, research-based instructional methodologies that highlight critical thinking, inquiry, and creativity. These methodologies give our students the knowledge, skills, and dispositions that will enable them to take their places as leaders in an ever-changing world. All subjects have established units of study within agreed-upon curriculum standards and benchmarks. Students typically enroll in eight courses, which include English, World Languages, Social Studies, Science, Math, Physical Education, and Arts and Innovation.

Creativity, Action, and Service (CAS) outcomes are an annual requirement beginning in grade 9. Three counselors assist high school students with personal and academic advisement and the university admissions process. AISB follows a 75-80 minute block schedule with each class meeting an average of 200 minutes per week. The academic year is 176 days, and the school day is from 8:30-3:30 five days a week.

Personalized Learning

AISB offers rigorous and relevant learning experiences intended to help students explore their passions and interests and to transform their curiosity into knowledge and skills that can make meaningful contributions to the world. As part of its vision to be "future-ready, today", AISB supports students in personalized learning by partnering with a variety of top-tier educational providers, such as Global Online Academy (GOA), Pamoja Education, and Virtual High School (VHS). Students may also pursue Advanced Placement (AP) and other specialized courses as part of their personalized learning plan.

College Applications

We believe students and colleges are better served when students make informed choices in the application process. To that end, we limit our seniors to 12 applications. Colleges can be confident that an application from AISB reflects a genuine, serious interest. AISB reports major disciplinary infractions. AISB students have waived their right to view letters of recommendation to maintain the integrity of this document.

International Baccalaureate Scores – Class of 2023

Of the 73 seniors enrolled in IB courses, 79 % pursued the full IB Diploma. The pass rate was 93% with 54 out of 58 students passing the full Diploma with an average of 34.3 points. The average subject score was 5.56. The school issues University Predicted Grades in October and November, based on student exams and test performance.

Other Required Learning	None	Introduction to Innovation Internship Capstone Project	Extended Essay Theory of Knowledge
TOTAL CREDITS	24	24+	24+

AISB Graduation Requirements

Each of the three diplomas requires satisfactory completion of the credits listed below, in addition to all grade level requirements for the school's Creativity, Activity, Service (CAS) Learning outcomes. In order to achieve the AISB Diploma, students must demonstrate proficiency in essential literacy, numeracy, communication, and critical thinking skills. In addition to the requirements of the AISB Diploma, students can achieve the Innovation Diploma by completing specific innovation courses and specialized experiences designed to help them explore their purpose, solve authentic problems, and contribute beyond the classroom. The IB Diploma is awarded to students who successfully complete IB requirements, which include six classes, at least three of which are studied at higher level, and completion of the IB Core requirements (CAS, EE, TOK).
